

THE MCGRATH FOUNDATION WAY

Today you are doing an incredible thing.

Today you are supporting thousands of families who are going through breast cancer right now. You don't know them, but today they will know you.

They will know you are supporting them.
And they will know they have access to a McGrath Breast Care Nurse because of you.

Today you are part of the McGrath Foundation.

You are wearing our Pink shirt.
You will be the face and voice of our Foundation.
And that means today you must also live and breathe our values.

The way you act, the way you speak and the choices you make today must reflect the McGrath Foundation way:

- Do what's right, even when no one is watching.
- Bring your best self and cast a positive shadow.
- Show respect and care for everyone, all the time.
- Look for the positive.

- Learn from our successes and even more from our failures.
- Take responsibility for your actions.
- Embrace and celebrate diversity.
- Be willing to change.

- Speak up if something isn't right.
- Be prepared to say no.
- Be part of the solution.
- Embrace opportunities.

- Dress the right way for your day.
- Avoid judging others.
- Respect confidentiality.
- Know and follow our policies and procedures.

- Be safe, always.

Today, you agree to be a part of McGrath Foundation, to live up to the McGrath Foundation Way and help us raise funds for McGrath Breast Care Nurses around Australia.
